(application filed on or after May 29, 2000)

The patent term adjustment to date is 0 days. If the issue fee is paid on the date that is three months after the mailing date of this notice and the patent issues on the Tuesday before the date that is 28 weeks (six and a half months) after the mailing date of this notice, the term adjustment will be 0 days.

If a continued prosecution application (CPA) was filed in the above-identified application, the filing date that determines patent term adjustment is the filing date of the most recent CPA.

Applicant will be able to obtain more detailed information by accessing the Patent Application Information Retrieval (PAIR) system. (<http://pair.uspto.gov>)

Any questions regarding the patent term extension or adjustment determination should be directed to the Office of Patent Legal Administration at (703)305-1383.

DATE MAILED: 01/14/2003

Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

Response to Amendment

1. Claims 64-73 were pending in this application and have been canceled. New claims 74-124 have been added and have been examined.

Response to Arguments

2. Applicant's arguments filed 10/16/2002 have been fully considered and when taken together with the changes made to the language of the claims in the most recent amendment, are sufficient to distinguish the instant invention from the prior art and place the application in a condition for allowance.

Allowable Subject Matter

3. Claims 74-124 are allowed.
4. The following is an examiner's statement of reasons for allowance:

The closest prior art in the field, Bouricius et al. US Patent 4,326,098, taken singly and in reasonable combination with the other prior art in the field does not teach the combination of steps found in the independent claims of: providing a representation of a selected portion of group A' of data elements, said elements including content data and dispatch record data comprising at least a time and destination relating to a dispatch, comparing said representation for match with a representation of at least part of authentication data, that has been generated by an authenticator, said authentication data comprising a representation of the following set A of information elements: a1 - comprising a content data, and dispatch record data elements a2,..., an which includes at least an indicia a2 relating to a time of the dispatch which is provided in a

Art Unit: 2134

manner resistant to or indicative of tampering by either of the sender and the recipient, and an indicia a_3 relating to said destination of the dispatch, wherein at least part of said authentication data is secured against tampering of the sender and the recipient, and wherein said authentication data includes a set B comprising one or more information elements b_1, \dots, b_m generated by respectively applying functions F_1, \dots, F_n , to subsets S_1, \dots, S_m comprising selected portions of said set A , where said functions F_1, \dots, F_n can be different from one another and said subsets S_1, \dots, S_m can be different from one another, with an authenticator functioning as a non-interested third party with respect to the sender and the recipient and where said authentication data does not comprise an encrypted representation of said content data a_1 and said dispatch record data elements a_2, \dots, a_n , which is encrypted with a secret key, either symmetric or asymmetric, associated with said recipient.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Attachment for PTO-948 (Rev. 03/01, or earlier)
6/18/01

The below text replaces the pre-printed text under the heading, "Information on How to Effect Drawing Changes," on the back of the PTO-948 (Rev. 03/01, or earlier) form.

INFORMATION ON HOW TO EFFECT DRAWING CHANGES

1. Correction of Informalities -- 37 CFR 1.85

New corrected drawings must be filed with the changes incorporated therein. Identifying indicia, if provided, should include the title of the invention, inventor's name, and application number, or docket number (if any) if an application number has not been assigned to the application. If this information is provided, it must be placed on the front of each sheet and centered within the top margin. If corrected drawings are required in a Notice of Allowability (PTOL-37), the new drawings **MUST** be filed within the **THREE MONTH** shortened statutory period set for reply in the Notice of Allowability. Extensions of time may **NOT** be obtained under the provisions of 37 CFR 1.136(a) or (b) for filing the corrected drawings after the mailing of a Notice of Allowability. The drawings should be filed as a separate paper with a transmittal letter addressed to the Official Draftsperson.

2. Corrections other than Informalities Noted by Draftsperson on form PTO-948.

All changes to the drawings, other than informalities noted by the Draftsperson, **MUST** be made in the same manner as above except that, normally, a highlighted (preferably red ink) sketch of the changes to be incorporated into the new drawings **MUST** be approved by the examiner before the application will be allowed. No changes will be permitted to be made other than correction of informalities, unless the examiner has approved the proposed changes.

Timing of Corrections

Applicant is required to submit the drawing corrections within the time period set in the attached Office communication. See 37 CFR 1.85(a)

Failure to take corrective action within the set period will result in **ABANDONMENT** of the application.
